

Stephanie Alaimo
Independent Qualitative Market and UX Researcher

Stephanie has worked in diverse verticals, including healthcare, CPG, financial services, technology, and sensitive topics such as terminal illness and poverty. She has conducted extensive IDI's, online communities, and focus groups. She is an ethnography specialist with a passion for ethnographic films.

Since 2014, she has worked in many research roles, with a special focus on designing and interpreting the results of foundational and generative research.

Stephanie is a sociologist by training. She is ABD at UC San Diego (PhD expected 10/2019), and holds a BA in Spanish from DePaul University, a BA in sociology from Université de Strasbourg (France), and a MA in sociology from UC San Diego.
